Dear Friends,

Being a Christian is not easy, especially at Christmas! There is so much to do: food to prepare, decorations to put up, family to be polite to, presents to wrap... and then unwrap, how is it possible to fit CHURCH in?

I love the busy-ness and extravagance of Christmas, the family traditions, the little special touches for each household, the trimmings round the turkey and the pud. But it is genuine question. Where is the Christ in Christmas? It is about a baby, and a census (very topical for us!), and animals, shepherds and magic men, late, as men always are. But there is not much time to think about all that. Christmas, the modern Christmas, is full on, and started in October, didn't it. It is almost like a game of charades: artificial, glittery and very temporary, a trip to fairyland.

But what about ME, especially when I am the one doing it all for the others; clergy included don't forget, they need a bit of encouragement and tangible signs of appreciation. Maybe the real me is lonely, sad, hurt, in pain, a refugee, rejected or even abused, or just far too busy even to realise what my true feelings are. Can I just wrap my arms around cuddly Jesus and pretend for a few seconds that really it is all OK?

Yet in a paradoxical way, this is where the real 'me' meets the real Jesus. God so loved the world that He gave His only son, sent him to us not to judge but to love and to save. There is sentimentality about the Victorian Christmas card and the Nativity scene, but also a true rigour. The saviour of the world was a fragile baby, laying in an animal's food trough, in temporary accommodation, a pawn of a brutal, occupying regime worried about the state of their tax revenues. Who assuaged Mary's pains as she gave birth? Who helped Joseph to keep up his confidence? Was it the unkempt keepers of sheep, the weird mystics from afar, the strange truth of the story they told that this was God's way, how God intended to bring His purposes for all creation to fulfilment?

Christmas can be the best time of the year - and the worst. But if somehow the real me can connect with the real Jesus, then it is indeed Christ-mas.

Though it is our duty as citizens in a democracy to vote, we know that no political party and no government can make me feel better, or in other words, feel loved, because true love is unconditional. The humble, vulnerable, far from home Jesus Christ can. In my heart I can touch him and feel him touch me. His love will restore my soul.

I can enjoy Christmas, indeed I can, with all the trimmings, all the excitement, all the commercialism, because it is fun. And because when all the razzamatazz has died down, God's love for me will still be there, a real presence.

Why not make a crib, build a little nativity stable and put it somewhere prominent in your house? Or go to Church with your friend or grand-child and see the nativity set there? Yes, Christmas can be tremendous fun: but look, you who cross the threshold of my home, look, here is the real joy of Christmas: Jesus, God's Son, born among us, born as one of us.

With love and prayer,

CHARLES HADLEY

Assistant Priest, St Mary's, Storrington

## MESSY CHURCH

The October Messy Church, held in Thakeham Village Hall, was extremely well attended by 18 children, all accompanied by a parent or guardian, and four very young babies, which added to the lovely family atmosphere in the Hall; we do welcome all ages. The theme for November was Remembrance, with the activities organised for the children including making poppies, making a small cross of Remembrance, writing their own prayer of Remembrance, painting and a games table. All too soon it was time to clear the tables for the meal. Revd Sara-Jane gave a short talk whilst the tables were laid in readiness for the food, which consisted of sausages and mashed potatoes, peas and carrots, followed by jelly and ice cream, a cup cake and fruit juice. All the children and some adults tucked into this enjoyable meal. This is proving to be a very popular event for the children. All children are welcome to Messy Church which is held in Thakeham Village Hall on the 4th Thursday of the month (3rd Thursday in December) from 4pm to 5.30pm. Children please bring a parent or guardian along with you.

## ADVENT: WINTER WAITING

Last leaves drift down now,  
Trees standing bare along the skyline –  
Each branch etched clear against the winter light.  
On the dark fields the furrows turn  
To bare-backed ridges whitened hard by frost.  
Yet deep within this sullen soil  
New life already waits for birth –  
Release to life by the returning spring.  
Regenerating God, harrow our hearts  
Till we become the opened ground  
In which your Spirit's seeds  
Take root and grow.

## WEST CHILTINGTON AND STORRINGTON MOTHERS' UNION

### Mother's UNION Christian care for families

On 26 October, four members attended the autumn Members' Meeting in Hove taking socks and jogging bottoms for the Gatwick Detainees for Christmas. During the lunch break members wrote Christmas cards for in-mates at Lewes and Ford prisons, from MU.

The main Speaker was Caroline Virgo from the Clewer Initiative campaigning against Modern Slavery. We heard shocking reports of how people are trafficked here to work in nail-bars, hand car-washes, care homes, B&B's, hotels and farms. They work long hours for as little as 80p an hour, sometimes 70-90 hours a week, are not allowed to socialize and often have to hand over their wages to gang masters. There are 20,000 hand car-washes in the UK and most use exploitative labour. We were urged to spread the word to friends and neighbours to make people aware of what is happening in our country. Anyone having suspicions about slave labour can call the Modern Slavery Helpline 08000 121 700, or in an emergency call 999, or call local police on 101.

At our November meeting, Jean Hunt spoke of a family visit to the township of Soweto in South Africa in 2016. Local man, Percy, showed them around his 2 -roomed 'matchbox house' which he shared with his sister, before taking them to a grim legal tavern, followed by a 'shabbeen', an illegal drinking den which was a much happier place. The modern Hector Petersen Museum displayed the story of the 1976 riots in which 13 year old Hector was killed. A peaceful demonstration by schoolchildren was baton charged by the police and Hector was shot. 4000 children fled to the Church of Regina Mundi built to accommodate 2000 people. The police fired over their heads into the roof, and cracked the altar rail with their batons. A more positive experience was at the inspiring and uplifting monument that has been built expressing the hopes for the future of all the people of South Africa. Lunch was enjoyed in a local restaurant whilst being entertained by Zulu warriors dancing in the street, close by the homes of Archbishop Tutu and Nelson Mandela. A huge shopping mall stands beside the gateway out of Soweto which was built by the first black billionaire from Soweto.

We look forward to our Advent Service on **5 December**, with invited guests, at West Chilton Church at 2pm, followed by tea and a raffle in the Church Hall.

There is no meeting in January but members will meet for a New Year Lunch on 9 January at Joanna's in Storrington.

A reminder that subscriptions become due on 1 January: £27 for members, £21 for indoor members, which may now be paid by Direct Debit if members wish.

**Wishing everyone a joyful Christmas and Happy New Year.**

## THAKEHAM PARISH COUNCIL

**Phase 3:** At the time of writing the Thakeham Parish Council (TPC) has strongly objected to proposals to increase house numbers in phase 3 of the Abingworth Meadows development to 77 houses. Horsham District Council's (HDC) Development Committee will meet in December to discuss either the proposal in its current version or amended in some way. We will keep residents updated via our website and facebook.

**Village Shop:** The parish council shares the frustration of residents that, despite the technical adjudication being resolved, a settlement has still not been reached to allow the building to be completed and prospective tenants to open for business. There are also safety/security concerns about scaffolding left in situ which we have expressed to the parties, and to HDC planners.

**Community Transport:** as many readers will have seen, our latest Bulletin included a survey to gather information on residents' transport needs, and to prioritise plans to raise funding and spend it effectively. The closing date has passed, and we will analyse the results shortly.

**Roads:** In relation to the long-promised Monaghans front-of-site access changes (to discourage HGVs approaching via the narrow B2139 from the north), a contractor has now been appointed to carry out this work. Subject to further detailed Highways permissions, we expect the work to start soon.

**Rights of Way:** Thakeham and West Chiltington Parish Councils have agreed to find funds to complete the resurfacing of the central section of the bridleway from High Bar Lane to Threals Lane and expect this work to be done in early spring 2020. We continue to look at other rights of way improvements, especially to better connect Thakeham to Storrington.

An additional dog waste bin is due to be installed on the east side of the Abingworth football fields. However, HDC, who determine their location, have advised there are no other locations in Thakeham suitable.

Due to further cuts HDC has informed us they will be reducing the number of roads being gritted in the winter months. We will keep residents informed about the changes and make sure our winter emergency plan, viewable on our website, is up to date.

Thakeham Football Club are always seeking new players, sponsors and volunteers for their junior and senior teams. If you'd like to get involved please contact the secretary, details can be found at [www.thakehamvillagefc.co.uk](http://www.thakehamvillagefc.co.uk).

The annual Village Halls Week is Monday 20 to Sunday 26 January! Keep an eye on our website and facebook pages for events to celebrate the fantastic community asset we have.

In December the parish council doesn't normally meet unless there is urgent business to attend to. We clerking elves will still be busy however, and the meeting cycle will begin again in the New Year.

We hope you have a lovely Christmas!

## RAINBOWS AND BROWNIES

A joint event with Brownies always gives confidence to the Rainbows who may be apprehensive about moving up to the next section.

Recently the Rainbows and Brownies joined together for a visit to the Storrington Museum. For many of us it was the first time we'd been there, and it was interesting to see just how many items were on display. Jill from the museum had organised a quiz sheet and the girls enjoying looking around to find the relevant items to answer each question. As the museum room has limited space, girls occupied their waiting time with crafts and colouring, and the Brownies enjoyed teaching the Rainbows some new games.

We will all be together again, with the Guides too, when we meet for a District Dabble Day where we will be making Christmas decorations from recyclable materials. This will also enable the Rainbows to achieve part of their recycling interest badge.

## STORRINGTON PRIMARY SCHOOL

Storrington Primary School was delighted to open its new and improved library area named 'Booktopia' last week. Governors attended the grand opening alongside the new Year 5 librarians and School Council. All were thrilled with the inviting and cosy new learning space. Sasha N, who came up with the name 'Booktopia', commented "the best thing will be seeing lots of children really enjoying all the books".

The new space includes comfy, colourful seating and a range of exciting new books for the children to enjoy. The school have been working closely with The West Sussex Library Service to ensure the book collection is well-organised and up to date so children are able to access a full range of interesting, non-fiction texts and stories that will engage and inspire a love of reading for all.

## PLANTING CROCUSES IN SUPPORT OF ROTARY'S END POLIO NOW CAMPAIGN

Rotary in Storrington & Pulborough District has been getting its green fingers working to turn part of Steyning Grammar School and Storrington Memorial Pond into purple blooming spectacles each spring.

Members of Storrington & Pulborough District Rotary Club are planting 4,000 purple crocus corms which will be a colourful reminder each spring of the fight for a polio-free world. They were joined by members of Steyning Grammar School's Interact Club with their staff leader Tom Leighton and some lower school students at the School's Rock Road site and will be helped by children from Storrington Primary School planting crocuses around the Memorial Pond to coincide with World Polio Day.

Rotary members throughout Great Britain and Ireland will be planting over 2.5 million purple crocus corms across their communities, adding to the many millions which have been planted during previous years. Purple has become a symbolic colour in the fight against polio, inspired by the colour of

the dye painted on the little finger of a child to signify they have received a potentially life-saving polio vaccine.

Rotary Club President, Mark Foss, commented, "We're proud to be planting these purple symbols of the Polio campaign and working with Storrington Primary School children and Steyning Grammar School's Interact Club makes it even more special. Only together can we end polio and we can all play our part in the continuing global efforts to eradicate the disease."

Rotary has committed to raising US\$50 million each year to support global polio eradication efforts, with that funding matched 2-to-1 by The Bill and Melinda Gates Foundation. Rotary has contributed more than US\$1.9 billion to ending polio since 1985.

## THE ARTS SOCIETY STORRINGTON

The December lecture is on **Wednesday 4 December** from 2.30pm to 3.30pm at West Chiltington Village Hall.

A lecture by Sarah Lenton: Thinking Big – The Ups and Downs of the London Coliseum, London's largest Theatre.

The London Coliseum is now the home of English National Opera. It was the theatre that hosted *Les Ballet Russes*, *Annie Get Your Gun*, *Music Hall* and *Cinerama*. Everything about the London Coliseum is enormous: the stage, the auditorium, the number of its ghosts, the size of its problems. Sarah has been working there since 1979 and seen practically everything. She knows how many tons of sand they can tip on that stage, why there is a knife hanging from the flies and how they got away with Don Giovanni inadvertently bursting into flames. Sarah even knew some of the ghosts, while they were still alive!

The Arts Society (Storrington) is closing after the December meeting but if you have any queries please contact Caroline Long on 744797 or by email: [caroline.fflong@gmail.com](mailto:caroline.fflong@gmail.com).

For further information please contact the Membership Secretary, Caroline Long on 744797 or by email: [caroline.fflong@gmail.com](mailto:caroline.fflong@gmail.com).

## Happy 50<sup>th</sup> Birthday!

Sullington Windmills WI was established in October 1969, with the newly elected Committee holding its first meeting on 19 November 1969. The founding President, Mrs Jo Clist, took the helm until the end of 1972. Since then, there have been a further 18 Presidents.

During the first year, a wide range of topics were covered from Understanding Decimal Currency, Flower Arranging, Cookery Demonstration, Fashion Show, and still one of our favourites, Wine Making.

So the 50th birthday of Sullington Windmills had arrived, and after many months of meticulous planning the birthday celebration took place on 16 October. What a celebration it was too. It began punctually at 7pm with a welcome of Bubbly and delicious 60s-style canapés. The tables were all laid fastidiously for 70 people, down to the very smallest detail, including the most stunning flower decorations. After a tremendous rendering of *Jerusalem*, a gourmet meal was served, with male waiters topping up the wine glasses.

One of our founder members, Irma Lander, was able to join us, as did our County Chairman, Yvonne Price, Chair of the Parish Council, Anna Worthington-Lees, Clerk to the Parish Council, Tracey Euesden, and past Presidents who are no longer members with us, Felicity Downe, Mary Whitfield, Maureen Girard and Dot Luxford. There were no less than 10 past Presidents at the gathering.

A cheque was presented to Anna Worthington-Lees for £200 for refurbishment of the bench in Place Villerest, Storrington. This work has been completed and the plaque was attached to the bench on Saturday 26 October at 12noon.

Our new Inspirational Women's Library was unveiled. This is a collection of books about women who have made their mark on history. These books will be available for members to borrow, and we expect it to grow and grow.

Then came time for the wonderful entertainment by Sidonie Winter, Mezzo soprano, who beguiled us all with a variety of songs, some going back to 1969. After very enthusiastic applause for Sidonie, our President, Erika Brichta, cut the birthday cake, made by Sara Harden and exquisitely decorated by Pat Snape, which was served with coffee and After Eight mints. Jean Minter created a superb floral display using our Windmill as her inspiration; she also, on behalf of all members and guests present, gave a vote of thanks for such a wonderful evening.

There was an interesting 1969 table quiz. The answers were read, the raffle drawn, and Erika thanked the very many members who had worked so hard to make this a truly happy occasion, and it will certainly remain firmly in our memories.

Our next meeting is on **11 December** when Jim Weston will answer the question "Do You Remember 1969?" with the top ten selling records of that year and many UK and world headlines. We will conclude our 50th year on a high; why not come and join us?

Meetings take place in Sullington Parish Hall and if you feel you would like to pay us a visit, or become a member, you can be assured of a warm welcome. For further information please contact Erika Brichta, President, on 742039 or erikabrichta@hotmail.co.uk, or Sara Harden, Secretary, on 741350 or s.harden@hotmail.co.uk.

## THE UK'S FAVOURITE HYMNS

No doubt many people were surprised to discover that Jerusalem has been voted the UK's favourite hymn in a survey held by BBC's Songs of Praise. Members of the public chose from the 100 hymns that have featured most on the show over the past five years. Songs of Praise host Aled Jones made the announcement in a Songs of Praise special which was filmed at De Montfort Hall in Leicester. Jerusalem did not feature among the top 10 the last time the public voted in 2013, presumably because it isn't sung regularly in services of worship.

### The Top 10 hymns for 2019 were:

Jerusalem  
How Great Thou Art  
In Christ Alone  
Dear Lord And Father Of Mankind  
Abide With Me  
I Vow To Thee My Country  
Gide Me O Thou Great Redeemer/Jehovah  
Amazing Grace  
Be Still For The Presence Of The Lord  
I, the Lord Of Sea And Sky

# STORRINGTON & SULLINGTON – REFLECTIONS OF THE PAST

## GHOSTS OF CHRISTMAS PAST

If you leave Storrington by the mini-roundabout at the east end of the Village, which was not there in Charles Mant's day, he records a local legend:

"... continuing straight over School Hill crossroads towards Thakeham until one reached the crossroads, now known as Water Lane and Incinerator Lane, stands the fine old thatched house known as The Leathern Bottle, supposed to have been a public house years ago ... further along the road there was the old Water Lane thatched cottage where Harry Knowles, one time landlord of the White Lion at Thakeham, lived – it was in this cottage that Oliver Cromwell held conference with his Generals during the War of the Roundheads [sic]. The hovel adjoining the cow shed of this cottage, we slightly repaired and used as a Fire Post at the beginning of the 1039-45 war."

I wonder how welcome Cromwell would have been, considering that as Lord Protector he abolished celebrating Christmas and associated festivities, ordering that 25 December be treated as a normal working day; there were to be no mince pies or other anticipated goodies or festivities associated with the season of jollity lasting twelve days at that time which must have been a welcome time in a rural population during a cold dark winter with little to relieve the dreariness.

Charles Mant continues:

"Further along the road we come to the new 'posh' Rydon School named in memory of Mr Rydon who was Chairman of the Thakeham District Council for years [now part of Steyning Grammar School] ... the school stands on the site of the old Thakeham workhouse which stood there for years – this old workhouse with its famous monkey puzzle tree was pulled down to make way for the school, originally built as a barracks for some of Wellington's troops. French prisoners-of-war captured from Napoleon were quartered here in this building; they built the road from Storrington to Washington, also that from Jackets or Jaquards Hill ... I remember as a kid seeing the 'tramps' walking through the village to this workhouse to have a night's sleep ...

There were several permanent occupiers here at the workhouse. One man I remember was Arthur, a man with a crooked foot all twisted sideways, altho' he was able to walk quite well ... At Christmas Arthur would 'play the game' quite a bit. He would stop you in the street and hand you a Christmas card and very solemnly wish you a Happy Christmas – the proper thing then was to give him a couple of shillings, wish him a Happy Christmas and hand the card back. Arthur would then carefully rub your name off the card and 'work' it on someone else. He was supposed to be a bit 'daft' but very cunning."

The Thakeham Union Workhouse seems to have been a far cry from the Dickens variety. Local people were very charitably inclined to the residents, many of whom were elderly or infirm villagers. They were sometimes treated to a tea or a concert there, and were welcomed at Village events such as the annual Flower Show and in 1925 on 15 December Col Kensington proposed a Christmas relief of 2/- per adult and 1/- per child for a week, which was carried unanimously. At that time, a very special Christmas present was given, paid for by private subscription, the Institution Wireless Set. It was proposed that a 4-valve Marconi wireless receiving set be installed before Christmas to work five loudspeakers. In 1925 not that many private homes had a wireless set.

The month of December in many years encouraged generous people to consider the comfort and enjoyment of the residents – Mrs Wright of Brook House presented 13 armchairs for the use of the old men and Greenfields estimated for an oil stove and slippers (cost 1/3d per pair). Benevolence was not confined to the Christmas month, there are records of cakes, newspapers, Mrs Hope asking permission to come and read to the old folk, Mrs King of Fryern sending in jam. Concert parties and band concerts took place, Miss Asprey of Cobb Court organised an outing to Worthing and tea in 1925.

When the village school broke up for the Christmas holiday, the Rector gave each child a bag of sweets and an orange on leaving. At the end of WW1 1919, the school was dismissed at 3.30pm on Christmas Eve so the children of the

Comrades of the Great War, later to become the British Legion, could attend a tea at the Village Hall at 4pm and each child was given a bag of chocolates and an orange. Mrs Trotter gave the children a treat on 24 December recorded in 1908 and other years.

The Band played carols in The Square and they always had a big day playing at the notable houses. Christmas 1913 was a time when the band was in a very strong position, both in numbers and popularity. Charles Mant recollected:

"... without implying anything against its members, it was known to be a very expensive thing to hire them for an event because it was a rule for them to charge a small fee and refreshments. The refreshments were not a very large item because they could just lap all the beer that they could find. Just after the 1913 Christmas I met some of the principal bandsmen and asked them what sort of Christmas did they have whilst playing around the big houses? And the reply was that although subscriptions to the Band funds had been forthcoming there had been very little hospitality, usually meaning drinks, of course. So I thought of an idea and invited them to come to 'The Dawes' and give me a tune and have some supper – I was single at the time and living with mother – they said they would be delighted and a night was fixed. It was arranged that they would play outside in the street first and then come into the kitchen of the old house and give me a tune and have supper and drinks. Sandwiches were cut, some bread and cheese arranged and in due course the visit was made. My assistant for the evening to help with the 'waiting', Lionel Faithfull, who thoroughly enjoyed himself, was on duty. The Band played a tune, then had some food and beer, then another tune, more beer and so on whilst Lionel and I plied them with drinks. When they had drunk quantities of beer I suggested that they had a 'short drink', meaning of course whiskey. This went on for some considerable time until they found that the whiskey was 'taking hold of them' and wanted to weaken it by adding water. But we had arranged this beforehand and instead of water being in the water jugs, it was Gin and this helped things on very nicely and they all got beautifully drunk before we finished with them. They got their 'hospitality' all right that night and we finally finished with them, and very late it was too, and one could hear them going home in various directions joyfully playing whatever instrument they possessed, some joyfully, some mournfully. [Name given] was heard about

1.30am playing *Oh, Oh, Antonio* somewhere in the Cootham direction.

"Prices were different in those days; beer was about 1/- [10p] a gallon, whiskey 3/6d and gin half-a-crown [2/6d]. Outside the end of Brown's Lane corner, the Revd Arthur Faithfull lived in the house opposite, naturally he was in bed at this time of the morning and could not sleep because of the noise these boys made talking so long. He finally got out of bed in a temper (he was a very hasty-tempered man) threw up the window with such force that the putty being rather weak, the glass fell out and broke around his head as he put it out [his head] to shout to them to "Go to bed at once and Shut Up!" He was frightfully wild with me when he heard next day that ... Lionel and I had made them so 'tight'. Anyway it was great fun ... also, (if only we knew it) it was the last Christmas that some of them would spend. By the time Christmas 1914 came around, some of them were no more."

Shops were always a very important part of Christmas preparations. The Louisa Austin premises in Church Street was a butcher's shop from the 18th century onwards and in later years put on a magnificent show of probably local produce, there were at least two

slaughter houses in Storrington and Selden, the last butcher there still slaughtered animals every Monday into the 1960s in what is now Box Court. The photograph shows the upper storey just under the roof, carcasses hanging all along obscuring the windows and below along the ground floor frontage, whole sides of beef and large joints and fowls, with more laid out on slabs on the pavement. Health and safety and food hygiene did not seem to affect these displays or bother customers.

The large village emporium next door and spreading around the corner into West Street, Greenfields, had its upper room cleared before Christmas so

that Mrs Greenfield could set up her Penny Bazaar. The firm sent out leaflets well before the big day listing the food, pudding and mincemeat ingredients in stock, and the prices. I remember in the 1960s large wooden cabinets in the back of the shop with capacious drawers full of various dried fruits, demerara sugar, etc, which would be weighed into paper bags according to the customers' orders.

Mr Sidney Marsh was the one who suggested the big tree in The Square be lit up for Christmas which was agreed, and continued for many years.

We hope you didn't miss our November production of Edwin Preece's latest three act play *The Three Days of Christmas*; if you did then you missed a pre-Christmas comedy treat.

Our next significant event is our Members' Evening on **14 December** when a number of members will be demonstrating their wide variety of talents and skills in a 'Do Your Own Thing' event. This will be accompanied by our traditional Turkey Pie supper, raffle and, of course, a bar. Tickets, £5 for Members, £10 for Guests, are available by e-mailing [chairman@wcds.co.uk](mailto:chairman@wcds.co.uk) or telephone Geoffrey Steward on 01798 874932. If you have a party piece you would like to share with us then please do contact Hermin Daley on 745598, who will try to find a slot in the programme of acts.

Many of you will remember the television series *The Darling Buds of May* by HE Bates. Originally a short story written in 1956, it was first produced as a play in 1959, with a film and television series following a few years later. We will be staging the latest version of the play in May 2020. With a cast of 16, including five children ranging in age from 15 to 10 years old, auditions will be held on 6 and 9 January at West Chillington Village Hall from 7.30pm. We would love to hear from anyone interested in taking part, so do contact the Chairman by e-mail [chairman@wcds.co.uk](mailto:chairman@wcds.co.uk).

If you would like to learn more about our activities, why not come along to the auditions on either 6 or 9 January or take a look at our website [www.wcgs.co.uk](http://www.wcgs.co.uk) or contact our Membership Secretary, Christine Pearson on 01798 874456.

It now just needs me to wish all our readers a Merry Christmas and Happy New Year.

## STORRINGTON & DISTRICT MUSEUM

The talk on **Monday 2 December**, will be given by Carmen Kew. Entitled 'Story Telling (with costumes)', the content is something of a mystery, but it sounds intriguing and just right for pre-Christmas entertainment. 7.30 pm at The Old School. Entry is £5 to include home-made mince pies and mulled wine. £4 to Museum Society Members.

2020 probably will see some changes in the Museum as we try to revamp the exhibits and bring more out of storage. Also there will be some afternoon talks as we try to interest those members who dislike going out in the winter evenings.

We are trying hard to recruit new Stewards as more than one of our long-standing members have had to retire. Being a Steward requires very little effort or special knowledge. You need to enjoy meeting people, have an interest in Storrington and its surrounding villages, and can spare just three hours a month either from 10am to 1pm or from 1pm to 4pm on Wednesday and Saturday and 10am to 1pm on Sunday morning. Visitors do come in and ask questions but if the Steward doesn't know the answers then they complete an enquiry form which is passed to the Curators who can do the necessary research. There are always two Stewards on duty – why not come with a friend?

The talk on 7 October was 'You the Jury' by Peter Thompson, a Barrister, and was very much enjoyed by us all. It was delivered without computer help, no slides, no notes. I suppose it is the nature of his calling that he has to be heard, but he did not need the Museum sound system as I could hear every word, which is such a bonus. So, addressing us loudly and clearly, magisterially even, he asked us to consider the court, and especially the jury, who can only rely on facts. But what are facts? Sometimes what once appeared to be a fact is no longer one, as with Dr Crippen. Apparently, what seemed like a cast iron case against him, because he ran away and because a body, which was definitely female, was found in the basement of his house, has changed, because forensic science now says the body was male, and so was unlikely to be his wife!

It is the same for another high profile case, that of Timothy Evans, who was hanged for the murder of his daughter. The facts became somewhat confused when, sometime later, it was discovered that Evans' landlord who lived in the same house was a serial killer, one John Reginald Christie. Despite an enquiry, this case has never been satisfactorily settled.

So what are facts? And what is truth? It's a very pertinent question at the moment! In court, however, it is the barrister's job before a judge, to present 'the facts' as they see them to the jury. Importantly, Peter Thompson emphasised that in British Law you do not prove innocence. The defendant is either found guilty or acquitted. Acquittal is not the same as innocence, it means that not enough conclusive evidence has been produced to make a safe decision of guilt. The jury has to make that decision.

Peter Thompson then told us more about jury service. When he became a barrister in 1971, the jury was usually composed of twelve men, or, occasionally, eleven men and one woman, and still in 2019 no attempt is made to balance gender, age or ethnicity. Names are drawn from the electoral register totally randomly. It is seen by many as a civic duty, but some try to evade it. Not many excuses work nowadays however. In the past, employers could write to get exemption for their employees, which led to juries composed of retirees and the unemployed. Now if you can prove that you have to go to hospital or if you have a holiday booked, for example, you can be exempted.

To be called at the moment you must be between 18 and 75. You must not be a policeman or in some special military or civil service post. Nor can you serve if you have been in prison in the last ten years, nor if you are mentally impaired. If you ignore the summons

to serve you will be fined £1000. Even being a judge will not excuse you, as the (true?) story of Judge Cutler shows. He was summoned for jury service in the court where he was to be judge; a bit of a dilemma! There is no limit to the number of times you can be called. It is strange how some people are called two or more times and others never, but that is what happens with a random system.

A prospective juror arrives at the appointed court and waits, not knowing if he will be needed or not because more people are called than are actually needed, as any juror might be challenged or objected to, by either barrister. This challenging seems to be quite arbitrary.

Peter Thompson told us about the clothes all barristers wear. Gowns date from the 13<sup>th</sup> century when, being normal wear, they could be any colour. They have been black since the death of Charles II when all the courts went into mourning. The barristers' gowns are made of 'stuff'. A QC's is made of silk. Charles II was also responsible for the wigs. The winged collars and the white band are the regulation uniform, as is a white shirt, which no one ever sees. Such are the quirks and foibles of the law. The big blue bag holds all the gear when you begin and until you prove yourself capable, and you get a red one from your 'pupil supervisor' if you do a very good job, but you have to pay for it.

This write up does not really do justice to the talk which was peppered with jokes and telling explanations and little stories. It was suggested that Peter Thompson should have been an actor, but he said not; in court you have to be honest and it would be detrimental to a case if anyone thought you were acting.

The Museum will close for a winter break from Thursday 12 December, and re-opens in the New Year on Wednesday 15 January. But between these dates, on 6 January, there will be a talk by Gordon Stephenson about Southdown Buses, to coincide with the current exhibition.

One of the things that can sometimes put people off joining a camera club is the perception that they are only for serious photographers with 'big' cameras or those who wish to enter competitions and exhibit photos. Whilst most clubs do have competitions, they are not the key aspect and members have the choice as to whether they enter or just view other members' images that are entered. The type of camera used is also no barrier as our members use a variety of different cameras, including phone cameras, that can also provide great shots and, as is the case with some of our members, film is also making a comeback.

You may feel that your images aren't good enough when compared to some of those seen in magazines and galleries. We are all constantly learning, and photography is no exception. Like any pastime or hobby, the best way to learn is to practice and pick up advice or hints and tips from others who have more knowledge. Our members have different experience levels and, to support learning, we hold monthly 'Hints and Tips' sessions to provide a forum for sharing knowledge covering all levels.

As part of our seasonal programme we recently had a 'Critique' evening with Keith Gibson who provided the comments. Advantages of these evenings is the ability for everyone to enter images in a non-competitive situation and one purely geared to how the image is perceived with tips on where you might wish to improve it. There is also the opportunity to query the comments and for other members to contribute which is something not available on a normal competition evening.

The images submitted for Keith to review continued to show a diversity of subjects that included landscapes, wildlife, aeroplanes, people, helicopters, castles, yachts, abstracts in both colour and black & white. It didn't matter whether you were a new or long-standing member as Keith didn't know. He had positive comments about all the images as he went through, with some having more than others in terms of helpful comments on where, what or how they might be improved. Examples of the suggestions covered areas such as moving position slightly, changing the key point of focus and trying a different aperture or shutter speed. As a judge, Keith enjoyed the informal nature of the evening too as he felt there was a wider selection of 'real' images as opposed to those that are selected for the competitions mainly as members were using the evening as a learning opportunity.

Overall, it was a very inclusive and interesting evening with positive feedback from everyone who felt that it had been extremely worthwhile and educational.

## FRYEN LADIES' PROBUS

As usual we were made to feel most welcome at The Roundabout Hotel in West Chiltington for our monthly lunch and get together on 7 November. The menu looked inviting and after a delicious meal we settled down expectantly to listen to a local speaker, Tony Pratt, talk to us about 'The Arun Valley Postcard Trail'.

'The Arun Valley Postcard Trail', we were told, started as the title for a series of short documentary films, based around Tony's massive collection of cards built up over the years from pre WW1. As the title suggests, the River Arun provides the central theme, featuring not only the beautiful landscapes but histories of people associated with the River as users or observers. Tony found that in exploring this theme he uncovered many interesting stories involving characters who inhabited these hinterlands, such as John Harvey of The Littlehampton Shipyard, Edward Tickner, Edwardes of Burpham, John Robertson (ship owner), Jose Weiss of Houghton and The Docks of Pulborough.

Tony Pratt

The River Arun is the longest river, with its entirety in West Sussex, and is 37 miles in length. It is also the 2nd fastest flowing river in England and runs from its source near the eastern outskirts of Horsham, at St Leonard's Forest, to the English Channel at Littlehampton Harbour. Throughout this journey we were shown illustrations of old postcards resulting in a kaleidoscope of stories and depicting many Sussex villages, Tansy's Cottage in Peppering, sheep washes in the river, sailing and steam vessels, ferry men, census data, old maps, barges and, in particular, Arundel with its fairy tale Castle and then on and on to the sea.

We travelled from Littlehampton up through to Arundel, Burpham, Houghton, Bury and then through to Pulborough and Stopham. The River was only navigable using small craft for 20 miles from the coast up to Stopham Bridge, with its seven arches dating back to 1420, but the flood plains were extensive, as can be seen today. The River has changed dramatically over the years and with dense foliage it can even be hard to see. Sadly, the use of the River declined from around 1863 with the introduction of mainline trains and more road bridges, leaving behind the past revealed only in postcard trails. However, we appreciated our glimpse into times gone by, the awareness of local history and the nostalgic memories ignited.

Joan Richardson gave our collective thanks and said how beautifully researched Tony's presentation was and hoped to see his series of short documentaries soon on Brighton TV.

The meeting ended and we shall meet again to hear Jonathan Jones talk about Christmas Crackers on **5 December. Happy Season's Greetings to all of you, from all of us.**

## SANDGATE SINGERS

Sandgate Singers will be performing traditional Christmas Carols at Our Lady of England Catholic Church, Storrington on **Sunday 8 December** at 7pm. Tickets will be £10, to include wine and mince pies, and will be available from the Card Shop, Storrington or at the choir's Monday rehearsals. We will be making a collection for the charity Love Your Hospital at this event.

We will be holding a Race Night on Saturday 18 January 2020 at Sullington Parish Hall, to include a fish 'n' chip supper. This year we aim to have a bar and a raffle and profits will go towards staging our March concert at Arundel Cathedral.

At the beginning of the autumn term we started rehearsing for our spring concert. This will take place in Arundel Cathedral on Saturday 14 March 2020 where we will be performing Haydn's Creation and the cathedral will be beautifully lit by atmospheric lighting effects.

We had a 'Creation' workshop on Sunday 20 October at our rehearsal hall and were joined by 16 extra singers from other choirs who will hopefully be joining us for the concert in March. It was useful to rehearse the whole piece and we were joined by Neil Jenkins, who edited and translated the new English version of *The Creation*.

Our Community Singing Group, an offshoot from the main choir, visit local residential homes and community groups. We sing songs and encourage participation from the audience which has met with great success. In November we sang at The Shelley in Worthing, Valerie Manor in Upper Beeding and Osmund Court in Billingshurst.

If you would be interested in joining Sandgate Singers please contact our Chairman, John Fisher on 741256 or visit our website. We meet on a Monday evening at Sullington Parish Hall from 7.15pm. Come along and try us out!

See our website: [www.sandgatesingers.com](http://www.sandgatesingers.com) or find us on Facebook.

## CALLING ALL GENTS

### Don't sit at home alone!

Join the Neighbourhood Wardens at the new Gents' Meeting Club for a game of pool, darts, dominoes, cribbage or just a chat and a cup of tea or coffee. Or, if you like, try a hot snack at a very reasonable price.

## Gardening in the dark

If, like me, your time in the garden fits around daytime activities, we find ourselves with a problem as we get closer to the shortest day. Weekends can be busy in the run up to Christmas, so what's a gardener to do when it's dark outside?

### Make time for house plants

When the curtains are drawn, you can still get your green kicks by building up your collection of house plants. I like to have at least one foliage plant in every room. In the kitchen, that could be a windowsill of herbs, or a

jungle of ferns and glossy-leaved plants in the bathroom that tolerate low light levels and enjoy the humidity. A couple of warnings: if you have children or pets in the home, then do check your plants aren't harmful to them, and avoid positioning plants near radiators or behind curtains as they won't enjoy the extremes in temperature.

### Focus on the front door

In summer, I hardly notice the front of the house as I'm heading in and out, but when the skies are grey, a cheery hanging basket is just what's needed to lift my spirits. Last month, I grabbed an hour one weekend to pick up some Cool Wave trailing pansies and variegated ivy which should last right the way through to spring. Remember that you'll still need to water baskets and containers in the winter occasionally.

### Do your research

Winter is a great time to get inspiration from other gardeners on what to grow next year. *Gardeners' World* may be absent for a while, but why not catch up on past episodes of Radio 4's *Gardeners' Question Time* through the BBC Sounds website? Or spend time browsing through catalogues and nosing about in the gardening section of your local bookshop. Next time someone asks you what you want for Christmas or birthday, you'll be able to furnish them with your wish list of rambling roses, heritage seeds and botanical bestsellers.

## ROTARY CHRISTMAS TREE RE-CYCLING SCHEME RAISES FUNDS FOR CHARITY

The Rotary Club of Storrington & Pulborough District provides a seasonal service that is welcomed by the Community and which helps to 'green' our area.

For the third year running, Rotary members will be collecting Christmas trees from homes after twelfth night, from 6 January, then recycle them at an Ashington farm to provide material for use on the farm, all for a minimum donation of £5 per tree.

Last year the trees were collected from households in the Storrington, Pulborough and Ashington areas with the help of Chanctonbury Lions Club. 184 trees were collected raising £1,000, which was donated to Chestnut Tree House Children's Hospice.

The trees are chipped, with the residue ready for use on a public footpath around the farm, by Rob Dakin of Findon Valley Tree Care. Rotary's project coordinator, Ray Miles said "Given the positive comments from residents last year, we are delighted to be running the service again. For a small donation, residents can avoid all the inconvenience and mess of transporting trees to the tip or burning them, knowing that they will have a 'green' end use and that a very worthwhile charity will benefit in the process."

# WEATHER WATCH

## The golden month was somewhat tarnished this year

October has been described as 'the golden month' but it also is one of the wettest months of the year and the latter was the mood that prevailed in 2019. The number of tropical storms and hurricanes in the Atlantic this season which included October was much higher than normal and it enlivened the jet stream which led to a steady passage of low pressure systems affecting Sussex.

I recorded a rainfall total of 135mm at Storrington by the end of the month and this is about 30% above par. It was the wettest since 2013 with recent Octobers being drier than average. Further afield, it was even more drenched with over 160mm of rain falling at Steyning and 145mm at Littlehampton. With such an unsettled month, it was not unexpected that there were two days when thunder was heard and one of them on 18 October produced a fall of hail too. There were several rainbows as well and I made a point of turning off the A27 onto the panoramic Devil's Dyke Road high on the Downs above Hove to photograph one on the 15th.

There were only three dry days in the first three weeks so it will not come as a surprise to learn that sunshine was at a premium with only around 65% of normal amounts. Still it could be worse for during 1914 Killarney in Eire recorded 81 consecutive days of rain!

Temperature-wise it was very close to the average, being slightly higher than par, mostly due to some mild nights as there were no really warm days with the max of 18.9°C on the 1st. There was a distinct autumn chill on the morning of the 28th with the first air frost of the season. This is recorded at a height of 1.2 metres above the ground inside a louvered instrument container called a Stevenson screen.

Chanctonbury Hill in the rain

Stevenson screen

It was designed by Thomas Stevenson (1818–1887), a Scottish civil engineer who also built many lighthouses, and his son was the renowned author Robert Louis Stevenson. After various modifications, the design was accepted by the British Meteorological Office. It is always painted white on the exterior to reflect direct solar radiation. There were several grass or ground frosts, one as early as the 3<sup>rd</sup>, as generally it is several degrees colder close to the ground on a clear and fairly calm night.

There were three days from 27th to 29th when the air pressure rose quite high and there was no rain. Although it was chilly the old saying "when the glass is high and rising still, no rain today, no weather ill" sprang to mind.

The Sanctuary was founded and led by actress Alexandra Bastedo over 30 years ago until her death in January 2014.

The first rescue was a donkey and since then the sanctuary has become home to unwanted donkeys, ponies, horses, miniature Shetlands, sheep, goats, cats, pigs, poultry and birds.

The aims of the ABC Animal Sanctuary are to rescue abandoned animals and those in distress, to provide them with care and protection and, where possible, find them a new home where they can be happy, safe and properly cared for. In some instances, where the animals are very old, need permanent special diets or have personality disorders through ill-treatment, they are guaranteed care and protection and a home at the sanctuary for the rest of their lives, cared for by the volunteers who work at the sanctuary.

Funds are vital to the running of the sanctuary and every penny raised is spent directly on the animals. As well as food and providing the necessary bedding, a large expense for the ABC is veterinary treatment. Minor ailments can often be treated but for the larger animals and more serious illnesses daily medication and veterinary care is unavoidable. The sanctuary is run totally by volunteers and is a registered charity.

## SANDGATE CONSERVATION SOCIETY

A great deal has been achieved this year, not least the introduction of the new Water Lane conservation area and the introduction of a bridging link into Sandgate Park.

Many thanks are due to Cemex for their brilliant work in establishing the Water Lane park area and also the many generous donors who enabled the bridge to be constructed. All of this activity adds to the aim of people like Enid Clarke-Williams, Roy Armstrong and Don Filliston who were great visionaries in the creation of a Country Park.

There will only be one work-party in action this month on Sullington Warren on **Saturday 14 December** from 9.30am till 12midday, where no doubt the Christmas spirit will be in evidence, so if you feel like a bit of gentle exercise at your own pace, then you will be more than welcome.

Anyone can join these working parties that also operate in Sandgate Park and occasionally up on Warren Hill.

The next presentation at the Sullington Parish Hall will be held in February.

To learn more about the Sandgate Conservation Society, who work closely with the National Trust and Horsham District Council, please contact Brian Burns on 743001 or see web site [sandgate-conservation.org.uk](http://sandgate-conservation.org.uk).

## ANNUAL PUMPKIN DISPLAY AT SLINDON "OCTOPUSES GARDEN"

## NEVER JUDGE A CHOCOLATE BY ITS SHELL

You may have noticed a small chocolate shop featured recently on BBC One's *Escape to the Perfect Town*. If you did, then you will know that MooCoco is a recent addition to village life in Storrington.

My name is Kim and I am this small boutique and bespoke artisan chocolaterie's proud owner, specialising in the production of traditional, hand-filled chocolates and chocolate gifts for all occasions, having just celebrated my first anniversary. The term chocolaterie is used where all the chocolate is made on the same premises where it is sold.

I am a professional caterer by training but found chocolate the perfect medium to bring together a bespoke, traditional art with my passion for originality and creativity. I simply love innovating new flavour combinations to tantalise the taste buds, and believe that a tasting experience should incorporate a whole variety of contrasting, yet complementary, textures and flavours.

I use a signature chocolate to create a sumptuous outer shell within which is concealed a hidden surprise with each bite designed to reveal a scrumptious and indulgent filling, such as my Huckleberry, Soft Salted Caramel, Cardamom & Olive Oil Honey and Ginger Crunch.

I am not only fervent about creating high quality chocolates, but also passionate about delivering you an experience too. MooCoco is not only a chocolaterie, it's a sanctuary, a place of nostalgia, luxury and indulgence. Come and relax with an arranged tasting experience to try flavours you might desire over a cup of coffee or hot chocolate, and perhaps engage in conversation allowing me to get to know you whilst sharing my knowledge of what you are tasting.

Although perhaps better known for my hand-filled chocolates, I also make chocolate confectionary and sculptured creations. Some of these are made using single origin chocolate. This means that my cocoa beans have been sourced from a single plantation, from one country, rather than several different plantations in various locations. I know exactly where the cocoa beans have been grown, and the journey they have taken to get from 'bean to bar'. As for my creations, these sometimes-intricate sculptures often look too good to eat and if you visit my chocolaterie, you'll see first-hand!

Come visit me anytime, but especially for Christmas, Valentine, Easter and Mother's Day.

## STORRINGTON HORTICULTURAL SOCIETY

Lesley Baker, trained at the National Trust and with over 20 years' experience of arboreal work, gave us a very interesting, amusing and entertaining talk on some of her experiences when working on and with trees.

Once she was asked by London Zoo to make safe a large Plane tree with a crown trim to reduce wind resistance of the tree thereby making it more stable.

While this was being carried out some of the keepers from the Zoo collected the cut foliage to give to the animals they were looking after. However, one of the keepers always came late when they were working on the tree and had to be cautioned away. He explained he was on the far side of the Zoo looking after the elephants and that was why he was always late, so they made sure after this there were always a few fresh branches in a safe position for him to collect. They say that one good turn deserves another and so it was here, at the end of the job, they enlisted the help of a female Indian elephant to help move the larger limbs on to a trailer for removal from the site.

Members were also offered topical gardening tips, two of which are innovative as well as being eco supportive:

1. Rather than throwing a broken plastic plant pot in the bin, and so to landfill, very carefully, with scissors rather than a knife, cut it down one side, then cut out the bottom. Cut away the damaged part. What remains, cut out strips for plant labels. This way you can get the right size and shape of label you want.

Any good stationer sells waterproof pens to use on these labels. I'm currently using Bronze metallic on black labels, but there are other options.

2. Avoiding old crocks! This is neither rude nor ageist! Again it is trying to reuse something instead of chucking it in landfill. Save the plastic netting which covers supermarket fruit punnets, and instead of lining a pot with broken crocks when you are potting, stuff 1 or 2 nets in the bottom of the pot to help with drainage. Your pot will be lighter too.

The first meeting of 2020 on **17 January** is a talk from Penny Green talking on rewilding at Knepp Castle. Outing tickets will be on sale at this meeting. Web site: [storringtonhorti.org.uk](http://storringtonhorti.org.uk)

## STORRINGTON CONSERVATION SOCIETY

On 18 October a Climate Change Public Forum took place in Pulborough Village Hall. Five very knowledgeable speakers provided information to a full audience about the causes of climate change and what needs to be done to prevent it becoming catastrophic. We learned for about 11,000 years our climate has been fairly stable. Now the earth's average temperature is rising rapidly. The chief culprits are carbon dioxide and methane in the atmosphere, caused by human activity, leading to the greenhouse effect. It is a global problem requiring international, national, local and individual action. The remedies include the planting of a large number of trees, changes in farming practice, strict building regulations to ensure low energy use homes, reduction of use of carbon based fuels, modifying our diets by eating more veg, minimising car use and flying (a main offender), recycling and reusing. The list goes on. The point was made that we all need to be involved. Yes Governments and Councils must act, but we can apply pressure by example and lobbying.

At our well attended AGM on 26 October, Chairman Mick Denness gave a brief summary of the activities of the Society over the past year and outlined plans for the future. These include extending our work areas to include Hurston Warren SSSI.

The speaker for the afternoon was Sarah Ward, Sussex Wildlife Trust's Marine Officer. She spoke of the variety of Sussex coastal habitats and the wildlife they support. Problems are caused by damage, degradation, pollution, climate change and pressure on resources. Her work includes liaison with developers, the fishing industry and dredging companies in the interests of conservation. Encouraging developments are the extending of Marine Conservation Zones and the project to restore the kelp forest, the latter helping to capture carbon dioxide. A very informative and entertaining talk.

Disappointingly, the work party on 2 November had to be cancelled due to high winds and rain. Something to do with climate change? Our next work party will again be at Fryern Dell on **7 December** starting at 10am. The aim is to clear self-seeded trees around the pond. Healthy, gentle exercise among like-minded people, and a coffee break. Come along, there is the risk you may enjoy it!

For information about this and all our activities, or on becoming a member, please get in touch with Chairman Mick Denness on 745971, or see our website [www.storringtonconservation.org.uk](http://www.storringtonconservation.org.uk).

## STORRINGTON FLOWER CLUB

In October, we were treated to a delightful afternoon when Michelle King gave her demonstration entitled *Tutti Frutti*. Each arrangement contained fruit or a vegetable from around the world.

We started with Granny Smith apples from Australia which included pink gerbera and was complemented by an assortment of foliage. From there we moved to England with the conference pear with a beautiful arrangement of white spider chrysanthemums and carnations. Fatsia leaves, ferns and tessels gave depth and colour to the display.

To Sicily next with lemons. Yellow canna lily predominated this design complimented by variegated orange and yellow roses with variegated ivy leaves. A vase containing dried lemons almost made the mouth water.

On to Seville with all shades of orange gerbera complimenting the oranges from that region. The addition of white carnations made for a fabulously bright and colourful arrangement.

Of course you couldn't miss out grapes from the fruit bowl so on to Rome, with a very elegant display of white spider chrysanthemums and carnations with eucalyptus leaves and assorted soft green foliage.

Our last port of call was Mexico, the home of orange bell peppers. Variegated phormium leaves, yellow chrysanthemum and orange roses brought all together, with the inclusion of the large leaves of the Swiss cheese plant.

Throughout the afternoon Michelle gave us many tips and ideas, and was very complimentary about our members' contributions on the competition table.

Our next meeting will be 22 January. Guests are very welcome to join us; you don't need to be a flower arranger to enjoy an afternoon of entertaining chat and company.

## THAKEHAM GARDENERS' CLUB

The Club's AGM took place in October. The acting chairman, Dave Kirkwood, was elected as Chair for the coming year and the committee, apart from Peter Dowsett, were all willing to restand and were duly elected. Dave reported on the Club's year, the successful plant sales and show and the increased membership. The Club's financial position was also sound and the figures were presented by Treasurer Christine. All officers and committee members plus helpers were thanked for their endeavours during the last year.

Following the AGM Jacqueline Aviolet entertained members with a light hearted talk titled 'I'm a tulip, What are you?' Jacqueline was able to tell everyone present what flowers and plants were named after their Christian names. Surprisingly, apart from the names Mary and Marion there were no repeats.

We also held our 2nd plant sale of the year in October which was a success in raising funds for the Club despite the awful weather on the day.

The meeting on **9 December** is our Christmas party. Enjoy a light meal, quizzes and good company. Tickets are £5 for members and £6 for guests.

Meetings take place at 7.30pm on the second Monday in the month in Thakeham Village Hall, apart from January when the Club doesn't meet. We welcome new members and guests; come along to the Hall on Club night or ring Linda Turk on 01403 741068 for further details.

## Note from the editor....

December means many things for me, including the manic rushing around buying presents, decorating the house and planning enough food to feed the 5000!

But this month in particular also marks another consideration to make – the 'B' word! Yes, what bird shall we have Christmas Day? Turkey, chicken, partridge or pheasant? Joking aside, the country has a major decision to make on 12 December, and there is so much uncertainty.

However, there is one person we can rely on, who never tells lies, who always comes up with the goods and is a constant, dependable and truthful entity – that is God. He fulfils all His promises and is always there when we need Him. God promised us eternal life through His son, Jesus Christ, if we believe and trust in Him.

So, whatever happens on 12 December, you still have the assurance God is with you, and there for you, always.

Wishing you all a wonderful Christmas and may God's blessings be with you, your family and loved ones.
